We trust Miss Iva Cook's school made their picnic a success last Friday. We regret exceedingly that sickness in our family prevented our attending.

Start your schools just as soon as it will suit the majority of the patrons. Some have opened already. We are now on our round of visitations, and you may expect us.

We are glad to see that the Greenville Enterprise and Mountainer has started an Educational Department of Teachers Comming, edited by Mr. Mayneld, the School Commissionar of Greenville County. Of course, in our judgment, this is a start in the right direction. We congratulate our friend, and wish him abundant success in his new departure.

We have agreed, as has been anso doing, we have no notion of resigning the office of School Commissioner. The law limits our time to two hundred our constituents.

We find on our desk The Teachers' Institute, a most excellent educational journal, published in New York. It is brim England that a spuff-box was no longer full of valuable suggestions to teachers and lovers of education generally. The

and are receiving benefit, from it we would be glad to hear from them.

Teachers, like physicians, must keep ions in regard to its effects. The Romish posted if they would keep up; if they do not, fossilization must be the inevitable result. TOBACCO F One of the candidates for certificates

at the recent examination said he could teach school. He ciphered a little for the Board, but failed to get a certificate. It is time for these fellows who can just cipher a little to leave off applying for the contract of the law in certificates. There is a noticeable disposition among the young colored people to into the habit of smoking a pipe they prefer a strong one. There are few men who have nerve to smoke a pipe such as the recent examination to prepare themselves before they meet the Board again. selves before they meet the Board again.
Same states year old boys and girls can mild, but it is not long until they want them black and strong and lots of them.

— Pittsburg Dispatch. The Land Control of

It is suggested by The Teachers' Institute, a leading educational journal, that strong thinkers have done more for the human race than all the military heroes of the past. The able editor compares the achievements of Watts with his lyn held a conference on Friday last steam engine to the trophies of Marlborough at Blenheim, or of Wellington
at Waterloo; and asserts that Edison has
more thoroughly impressed himself upon
He gave them a warning, and then issuthe civilization of the age than Napo- ed an order forbidding the sale in Brookleon. He asserts, too, that the time is lyn of pickles colored in this way." coming when the world can get along without guns and fortresses, and asks if the conference was held a little girl who it can ever get along without teachers lived in Brooklyn was fatally poisoned

cates. Nine were rejected. Six received of the poison to kill a man." certificates, of which two were of the first grade. That our readers may know their bright green color. Continuing, something of the nature of the work of the Examining Board and comething of the sability of some of the parties who the ability of some of the parties who have the poison employed to give the pickles their bright green color. Continuing, the Times says of the manufacturers:

"It has recently been stated that they find their best market in the South. Perhaps the commissioner hoped by think they know enough to teach, we give below a few extracts from the worst of the examination papers lying before us. We give the question and then the to profit by the lesson taught in these

the use of the comparative and superlative degrees of adjectives.

Answer: Write and Explicit Eule for the use of the Composative Comparative Superlative Graitest Gr Question: Write two sentences; one having the infinitive mood as the subject, and the other as the object of the verb.

Answer: Infinitive mood Expresses

an axtion or a State Not limitive to subject it has Tow Tensels one is Called the Present tenseles and the other is Called Perfect tence Question: Write two sentences; one in which a noun is in apposition with a

sentence, the other in which a sentence is in apposition with a sentence. Answer: Sentence is Such a Semablege of Word as Makes Complete Sence.

It rests you, in sewing to change round.

It is a grand thing to be honest enough to find fault with ourselves; it is misera-bly unprofitable business to find fault with others. Some people, who are unsuccessful, pass most of their time in complaining of others who are successful. This dragging down spirit is terribly demoralizing. Do the best you can and rejeice in others success. Nothing in this world is easier than fault-finding. No talent, no self-denial, no brains, no characters are required to set up in the will prevent passes and dyspensia. character are required to set up in the grumbling business. Those who are moved by a genuine desire to do good vent morning headaches and lassitude. have little time for murmuring or com-

plaint .- Teachers' Institute. DUPARTIMENT It is a serious question that teachers should ask themselves, why is it that students ever wish to absent themselves from religious exercises? There is a fitfrom religious exercises? There is a fitness in devotional forms that are devotional but there is no fitness in a perfunctory going through with unmeaning ceremonials that are like apples of Sodom. The benefits that follow from real worship are beyond all human computaworship Him must worship Him in spirit and in truth. Where there is spirit and life there is an attractive force. We are repelled from dead things, and in stinctively want to get away from them. The spiritual worship of the Supreme Being is always attractive. We are by nature to shipful, and wherever true worship is found the soul is drawn toward it by an inward force, because it satisfies a it by an inward force, because it satisfies a want. The school should satisfy all the

It is not only a sin, but a crime, to de-

During an entire school-year thousands of teachers have been trying to make a pleasure of duty, but when vacation comes they should try to make a duty of pleasure and recreation. A change of diet is good for both body and mind, a little judicious irregularity, conducive to health, and a change of habits, diet, hours, and surroundings, essential to happiness. Our Saxon and Puritan and a change of satangeness of satangeness. wealthy and wise." The world is clean-er, life is securer, locomotion chesper and more rapid, and food more abundant. For these reasons enjoyment is more gen-eral, and for the same reasons this sum-mer vacation should be filled with genuine recreation and pleasure. If teachers are not re-created for a new year, it will be their own fault. Give burdens to the wind, let nature have her way, and live more like the flowers and grass, which exist for the use of man, yet while they are preparing, find time to grow fragrant and beautiful.—Teachers' Institute.

The Use of Tobacco.

Cigars were not known until about Previous to that time pipes were used exclusively. Chewing had been in vogue to a limited extent for some time, while spuffing dates back almost as far as smoking.

The first package sent to Catherine de

The law limits our time to two hundred days. We can not be expected to fold our arms and do nothing during the remarker of the year. We propose to teach for Prof. Ligon and discharge the duties of the office we hold, in such a way as will, we trust, give satisfaction to more plentiful the snuffing habit became more general, until at last a man or woman was not considered as in proper form unless they snuffed.

The custom became so common in

a sign of rank. Then it was the law prohibiting the culture of the plant, exprogressive teacher can not afford to be without some paper of this rand, and we know of none better than the one before cally placing it beyond the reach of the us. If any of the teachers are taking it

Church once forbade its use and the Church of England declaimed against it. The Wesleys opposed it hotly, and at one time it was considered so unclean as to unfit men for membership in the Methodist Church.

Baptist and Presbyterian ministers preached against it and societies were It is singular that when women get a woman likes when she has become a confirmed smoker. When they first be-

Poisonous Pickles.

New York Opium Joints.

NEW YORK, July 2.- The death of a man in a Chinese opium joint in this city yesterday suggests the prevalence of this yesterday suggests the prevalence of this terrible habit. It is not confined to the frequenters of these filthy dens, of which Police Superintendent Murray has promised to rid the city, but many victims of the habit, in its various forms of smokhappiness. Our Saxon and Puritan ancestors considered pleasure of satanic origin. They applied themselves with grim earnestness to the work of the world, rarely giving themselves up to harmless and hearty enjoyment, but we are learning better wisdom. There is a drunkenness is. It can be carried on in secret for many years withmore joy on earth to-day than ever be- out even one's nearest friends being fore, because there is more knowledge of aware of the deadly habit till too late to what we need in order to grow "healthy, arrest its progress. Every physician has wealthy and wise." The world is clean on his list of patients a number of optim cases. The victims say they are being treated for "nervous trouble;" in fact they are under treatment for the opium habit. There are several "homes" in this city, under the direction of physi-cians who make a specialty of the dis-ease, where men and women are sent by their friends to be cured of the habit This is an evil that is destroying more women in America than the public has any conception of. The wife of a prominent publisher in this city is said to be a hopeless case. Incidents without number are related by physicians, without names, of course, to show how widespread is the opium habit. They give but little hope of cure. Once let the horrible appetite fasten itself on the victim, and it is rare, indeed, that he can shake it off. Let him enter one of these 'homes," and under long and careful reatment and nursing he will regain his health, and apparently lose all desire for the drug. He may go out again into the world and mingle in its affairs, but when the first touch of pain racks the nerves the first touch of pain racks the nerves the temptation to resort to the drug again is generally irresistible. It is a fact that the victims of the habit generally became first acquainted with the drug in its sev-eral forms by the prescription of a phy-sician. Dr. Meylert, of this city, who has had wide experience in the treatment of those cases, has, in a pamphlet on the subject, earnestly cautioned physicians to exercise great judgment in the use of the drug as a remedial agent, and under no circumstances to acquaint the patient with what he is taking .- Special Dispatch to the Baltimore Sun.

An Enterprising, Reliable House.

Hill Bros. can always be relied upon not only to carry in stock the best of everything, but to secure the Agency for such articles as have well-known merit, and are popular with the people, thereby sustaining the reputation of being always enterprising, and ever reliable. Having secured the Agency for the celebrated Dr. King's New Discovery for Consumption; will sell it on a positive guarantee. It will surely cure any and every affection of Throat, Lungs and Chest, and to show our confidence, we invite you to call and get a Trial Bottle Free.

An Answer Wanted.

Can any one bring us a case of Kidney or Liver Complaint that Electric Bitters will not speedily cure? AN EXPLODED BOOM. A long lank, lean and chronic Anti-Potash

soom met the new, fat and saucy Atlanta Big Bold Boom, on a hot, sultry day. ',Who are you ?" asked the B. B. B. Boom. "I am the old Anti-Potash Boom," was the sad reply, as the perspiration rolled down, and it leaned heavily on the B. B. B. Boom for support. "Don't lean on me," said the B. B. B. Boom. may look strong, but I am quite young-only 14 months old, am growing rapidly, and am mighty weak in the knees. I am doing the work which you have falled to do, although you are 50 years old. You are old, and tough, and rich, and don't require a support. But what causes you to look so

thin of late?"

"Well, I hardly know," replied the Anti-Potash Boom. "My physicians tell me that my abilities have been over-rated, and that while trying to whip out all opposition by beast and brag, that I have proven my inability. Old age is also creeping on mo—having fought near 50 years before any one knew I was living—and now I am unable to perform feats that others are doing. I am collapsed; my friends have turned against me and call me names, and oh, Lordy I how sick I become at the very sight of B. B. Hold my head while I die."

A SUNBEAM.

Compared to other remedies, B. B. B. is the ra-dient sunbeams of midday, flinging its glittering glare to saddened hearts, while others are pale uoonbeams, pushing along through misty meshes mooneams, pushing along through misty messes of darkness, in search of something they can cure. It cures Blood Diseases and Poisons, Catarrh, Old Ulcers, Scrofula, Rheumatism, Skin Diseases, Kidney troubles, etc., and we hold a 32-page book full of evidence—Atlanta evidence—that cannot be donbted, proving all we claim. Our certificates are not phantasmagorical, nor far-fatched, but are voluntary outbursts of men and women of Atlanta.

RHEUMATISM.

Although a practitioner of near twenty years, my mother influenced me to procure B. B. B. for her. She had been confined to her bed several months with Rheumatism which had stubbornly resisted all the usual remedies. Within twenty-four hours after commencing B. B. B. I observed marked relief. She has just commenced her third bottle and is nearly as active as ever; and has been in the front yard "rake in hand," cleaning up. Her improvement is truly wonderful and immensely gratifying. C. H. MONTGOMERY, M. D. Jacksonville, Ala., Jau. 5, 1885.

All kinds of Pulleys and Shafting and Most Improved Cane Mills and Evaporators furnish

Van Winkle King Cotton Press

Has long been before the public, and is too well known to need any further description. Its chief points of merits are: It takes very little room, is easily handled, and takes so little power; can be used on all kinds of powers—horse, steam or water. Ginning and packing can all go on at the same time without interfering with the Gin. A two-inch belt will pack a 500 lb. bale of cotton. It saves its cost the first season in labor.

It saves its cost the first season in labor.

Head the following testimonial:

Anderson, S. C.—Mr. John E. Peoples—Sir:

The Steam Power Van Winkle Cotton Press bought of you last Fall has given entire satisfaction. I packed bales of cotton weighing 660 to 725 lbs. in five minutes with all ease, using a 4-inch bell and 25 lbs. steam. There did not seem any more strain on the Press than with a 450 lb. bale. For durability, strength, lightness of power, small countity of steam required, economy of space. I quantity of steam required, economy of space, I deem it the King of all Cotton Presses; especially so as the low price at which it can be bought puts it within reach of every man running a steam Gir. In fact I would not be without it for twice its cost. I would advise all my friends to buy one of Van Winkle's Steam Power Cotton Presses, as

you will save its cost in labor in one year.

THE HALL SELF-FEEDING COTTON GIN

Manufactured at Sing Sing, N. Y., has given satisfaction wherever used. The Saws are made of the best imported steel. The saw shaft is the largest made. An examination of other Gins will convince you it is the most substantially built Gin in use. It never breaks the roll, and therefore does away with the expense of the revolving head, as the secret of making the Gin to prevent its breaking the roll is in the proper shape of the roll-box. Every one should examine the improvements in the Hall Gin made this year, especially the improvement in the Feeder. Below I give you a few names of those who have purchased the Hall Gin:

Those indebted to us will greatly oblige us by an early settlement of their Accounts and Notes, either for Merchandise or Fertilizers, as we must have our money.

N. O. FARMER & BRO.

WARREN LELAND,

whom everybody knows as the successfu

manager of the Largest Hotel Enterprises of America, says that while a passenger from

New York on board a ship going around Cape Horn, in the early days of emigration to California, he learned that one of the oflicers of the vessel had cured himself, during the voyage, of an obstinate disease by the use of

Ayer's Sarsaparilla.

Since then Mr. Leland has recommended AYER'S SARSAPARILLA in many similar cases, and he has never yet heard of its fail-

ure to effect a radical cure. Some years ago one of Mr. LELAND'S farm laborers bruised his leg. Owing to the bad state of his blood, an ugly scrofulous swelling or lump appeared on the injured limb. Hor-rible itching of the skin, with burning and darting pains through the lump, made life almost intolerable. The leg became enor-mourly enlarged, and running ulcers formed, discharging great quantities of extremely offensive matter. No treatment was of any avail until the man, by Mr. LELAND's direction, was supplied with Aven's Sansara-RILLA, which allayed the pain and irritation, healed the sores, removed the swelling, and completely restored the limb to use. Mr. LELAND has personally used

Ayer's Sarsaparilla for Rheumatism, with entire success ; and,

after careful observation, declares that, in his belief, there is no medicine in the world equal to it for the cure of Liver Disorders, Gout, the effects of high living, Sal Rheum, Sores, Eruptions, and all the various forms of blood diseases. We have Mr. LELAND's permission to invite all who may desire further evidence in regard to the extraordinary curative powers of Ayen's Sarsaparilla to see him person-AYER'S SARSAPARILLA to see him personally either at his mammoth Occan Hotel, Long Branch, or at the popular Leland Hote: Broadway, 27th and 28th Streets, New York. Mr Lerann's extensive knowledge of the good done by this unequalled eradicator of blood poisons enables him to give inquirers

much valuable information

PREPARED BY Dr. J.C. Ayer & Co., Lowell, Mass. Sold by all Druggists; \$1, six bottles for \$5.

To Dyspeptics. The most common signs of Dyspepsia, or

Indigestion, are an oppression at the

stomach, nausea, flatulency, water-brash,

heart-burn, vomiting, loss of appetite, and

constipation. Dyspeptic patients suffer untold miseries, bodily and mental. They should stimulate the digestion, and secure regular daily action of the bowels, by the use of moderate doses of Aver's Pills. After the bowels are regulated, one of these Pills, taken each day after dinner, is usually

all that is required to complete the cure.

AVER'S PILLS are sugar-coated and purely

vegetable - a pleasant, entirely safe, and re-

Hable medicine for the cure of all disorders

of the stomach and bowels. They are the best of all purgatives for family use. PREPARED BY
